THE COLLEGE CALENDAR FOR 1940-1941

First Semester

1940

Sept. 10-16 Opening Program:

Sept. 10 Tuesday, 1:30 p. m.—New students report.

Sept. 11 Wednesday, 8:00 a. m.—Registration of new students; payment of bills by old or new students who have registered.

Sept. 12 Thursday, 8:10 a. m.—Opening chapel service; registration.

Sept. 13 Friday, 8:10 a. m.—Annual Convocation; first meeting of classes.

Sept. 14 Saturday, 8:00 p. m.—Y. W. C. A. and Y. M. C. A. receptions.

Sept. 16 Monday, 8:00 p. m.—Faculty reception.

November 2 Saturday—Founders' and Homecoming Day.

November 19 Tuesday, 9:00 a. m.—Fall Meeting of the Directors.

Dec. 19 Thursday, noon—Christmas holidays begin.

1941

Jan. 8 Wednesday, 8:10 a. m.—Chapel; class work resumed.

Jan. 25-31 First semester examinations.

Jan. 31 Friday—First semester ends.

Second Semester

Feb. 3 Monday, 8:10 a. m.—Chapel, second semester begins.

Feb. 5-13 February Meetings.

April 23-24 Comprehensive Examinations for Seniors and National Cooperative Tests for Sophomores.

June 1-4 Commencement program:

June 1 Sunday, 10:30 a. m.—Baccalaureate service.

June 1 Sunday, 7:30 p. m.—Vesper service.

June 3 Tuesday, Alumni Day.
9:25-11:15 a. m.—Alumni seminars.
3:00- 5:00 p. m.—President's reception.
7:00 p. m.—Annual Alumni Association dinner.

June 4 Wednesday, 8:30 a. m.—Spring Meeting of the Directors.

June 4 Wednesday, 10:00 a. m.—Commencement.

DR. RALPH WALDO LLOYD
President of Maryville College

COLLEGE PRESIDENT'S WELCOME

There is both a changing and a permanent factor in a college's life. Each year over one-third of the Maryville College student body changes, with the seniors graduating, a number of others dropping out for various reasons, and some three hundred freshmen and twenty-five to fifty advanced students coming in. Every four years the entire student body changes. But each class touches the hand of other classes, and there is in students, alumni, faculty, building, ideals, and methods a continuity and permanence which give depth and strength. Each student who has selected and is selected by Maryville joins a mighty fellowship. I am glad to speak for the college a genuine welcome.

RALPH WALDO LLOYD,
President of Maryville College

GENERAL INTRODUCTION TO MARYVILLE COLLEGE

If you new students know something before you come to Maryville of the location, historical background, general facts and activities of the college, you will find it easier to adjust yourselves to life here after you arrive. The purpose of this introduction is to acquaint you with the college, in order to lessen any sense of strangeness you may feel your first few days here. These words cannot be expected to give you a complete understanding of Maryville. But we do hope that by giving you these general facts, we may help you to discover for yourselves the things of value which Maryville has to offer you.

As for the campus we would venture to say that there are few more beautiful in the country. A definite program of campus beautification has been in progress during the past five years. Hundreds of small trees and shrubs have been added to the campus; a new circular drive is soon to be completed; and numerous other improvements are being made. Included in the campus is an extensive College woods of pine, oak, and cedar.

Here, very near the College botanical gardens, is a huge, natural amphitheatre in which the beautiful and impressive May Day pageant is given each year. Included also on the campus is a nine-hole golf course.

There are twenty buildings on the campus, the principal ones being described in the school catalogue. You will find no diffi-

culty in becoming located, however, for within a few days after your arrival you will know them as well as the upper-classmen do.

There are no social fraternities at Maryville and no dancing, as it is not felt that they are necessary or in harmony with the general aims and purposes of the school. However there will be plenty of social activity, sponsored by the two "Y's", the Student Council, and various other organizations and clubs. Social contacts in Maryville are carried on in an informal and easy manner. Campus activities are planned with the idea of wholesome fellowship uppermost in mind. The four societies, two for men and two for women, aid in this matter by presenting a short, entertaining program each Saturday night.

The clubs on the "Hill" can be put into three classes: vocational, honorary, and social. The Ministerial Association, the Law Club, Student Volunteers, the Pre-Medical Club and the Language Clubs have organized for study and fellowship along particular lines. Honor societies include Forensics, Athletics, Dramatics, and Scholarship. There are various state and other clubs mentioned later for recreation and social activity.

A general introduction to Maryville would not be complete without a word about sports. When you come to Maryville, be a loyal supporter of the Orange and Garnet. Football starts off the program in September and activity continues throughout the year.

When you arrive in Knoxville take the bus to Maryville as this is the most convenient transportation. If you see anyone with a Maryville tag, he will be glad to direct you.

Then when you arrive on the campus, go to one of the Information desks or tables staffed by members of the Y. W. and Y. M. C. A. Make yourself known to them and they will direct you to your dormitory. There, other students will help you with your baggage and assist you in finding your room. There will probably be some confusion, but it won't take you long to get your bearings.

New students are continually surprised and impressed in finding such a friendly spirit in evidence at Maryville. As a general thing new students expect to be the under-dogs, but this is not the case at Maryville. There is no hazing or mistreating of the new students. You will find the upper-classmen ready and willing to help you in every possible way. Ask them questions, borrow from them until your trunk arrives—they won't mind. It's the Maryville spirit. The new girls will be especially taken care of by their "big sisters", arranged for by the Y. W. C. A. This year the Y. M. C. A. has begun an "Upper Class Council" intended to aid and guide new fellows in their contacts at Maryville.

Now that we have given you this general introduction, we urge you to come to Maryville prepared to spend the happiest four years that you have ever experienced.

Y. M. C. A. AND Y. W. C. A.

Y. M. C. A. PRESIDENT'S WELCOME

FELLOWS:

As this book reaches you, you will be making final plans to come to Maryville. May I assure you that a real welcome awaits you, and I would like to be among the first to send greetings.

We hope that you will become actively interested in the Y. M. C. A. at Maryville. The "Y" was organized to fill the need of a four-fold program of the men of the college—spiritual, mental, social, and physical. The program this year will include the weekly worship services held on Sunday afternoon, with additional devotional services on appropriate occasions; the Artist Series, bringing concert artists of national fame; the year-round Interclass athletic program; and a line-up of hikes, banquets, and other social events.

The one purpose in our program is stated in our guiding motto for the year. . . . "Christ, our Cornerstone." It is our desire to have our program in all its phases direct our attention on Him, Who stands at the center of all our being. Such a purpose can only be realized as you fellows enter into the work at the College. We need you to make the Y. M. C. A. the effective organization it can be. Will you not work with us these next four years, sharing with us your fellowship, and helping us as we strive to make Christ our Cornerstone?

Sincerely yours,
PHIL EVAUL,
President, Y. M. C. A.

Y. W. C. A. PRESIDENT'S WELCOME

DEAR NEW GIRLS,

Our Y. W. C. A. is glad that you have chosen to spend your college years at Maryville. We are eager to welcome you to our campus and to have you become a part of the Y. W. C. A. We should like to feel that our organization will become an important part of your college life.

The friendly, helpful atmosphere which you will feel at once upon arriving at Maryville will make your adjustment to college easy. During the next four years you will want to make many friends and do many worthwhile things. Y. W. C. A. offers you the chance to do both. Moreover, it provides a fine opportunity for Christian service.

It is with anticipation that we await your arrival at Maryville, for we feel that we need you, and hope that you will feel the need of the Y. W. C. A.

Sincerely yours,

MARY ORR,
President, Y. W. C. A.

Y. M. C. A. ACTIVITY

The Y. M. C. A. endeavors to lead on the campus in every phase of college life. The cabinet is chosen with the end in view of having campus leaders working for the "Y." You will find that the Y. M. C. A. as a whole consists of hard-working, progressive young men with whom you will want to work or have good times.

The "Y" sponsors interclass athletics in football, basketball, baseball, track, wrestling, volleyball, and swimming. Tournaments are also conducted in tennis, ping-pong, and other sports.

Fellowship such as the annual mountain hike and banquets are naturally among the most popular features of the "Y" program. An addition to "Y" work this year is an "Upper Class Council" to aid and guide new students.

In Bartlett Hall—the "Y" headquarters—will be found the reading and game room. Here there is a good radio, current magazines and newspapers. Games have been placed here for your entertainment.

The Sunday afternoon meetings in Bartlett Hall are the times when we try to reach decisions on the vital issues of life. These meetings are brief, interesting, instructive, and inspiring. They are featured by special music, prominent guest speakers, and student discussions. They are the hub of the "Y" program.

Every year the Y. M. cabinet, along with the Y. W. Cabinet, spends a week-end "Retreat" in the mountains in order to plan the work of the following year. The motto this year is "Christ, Our Cornerstone." Join the "Y" and help us in our work.

Y. W. C. A. ACTIVITY

Maryville's Y. W. C. A. has always endeavored to help girls find satisfaction and peace in Christian living. Keeping this main aim ever in view, Y. W. has organized such groups as the Nu Gamma Sigma and the Pi Gamma Sigma, Big Sister movements, the International Relations Club; and Y. W. participates in the East Tennessee Intercollegiate Christian Council.

The Sunday afternoon worship services are planned to give inspiration and help. Problems of vital interest to all college girls are presented—personal, social, and international problems. Both old and new girls have opportunity to assist in some part of these services, and are greatly benefited by the actual participation.

Besides the joint activities with the Y. M. C. A. the program of the Y. W. includes such activities as the production of the May Day pageant, semi-annual tennis tournaments, social service work in the mission chapels and in the orphanage, and various social activities for Y. W. members. The Y. W. rooms are especially well adapted and equipped for group events or individual relaxation and enjoyment. All members are invited to use the "Y" rooms, which are always open throughout the day.

You will find that the members of the "Y" cabinet, the Nu Gamma and Pi Gamma leaders, and the Big Sisters are friendly, sincere, and willing to help in every way possible. Give Y. W. a chance to be your friend and guide, and join the old members as they follow this year's motto, "Christ, Our Cornerstone."

JOINT ACTIVITIES

Joint Devotional Meetings

Usually the devotional meetings of the Y. M. C. A. and Y. W. C. A. on Sunday afternoons are held separately, but at various times joint meetings are held, in the conduct of which both organizations co-operate.

International Relations Club

This organization is sponsored by both the "Y's" in the effort to make students conscious of world affairs. Through well-informed speakers and informal discussion groups, an attempt is made to educate for peace.

Artist Series

Each year the College brings to the campus a number of artists of highest excellence. Outstanding in last year's group were Alexander Kipnis, Rosalyn Tureck, Georgia Graves, ank Zinka Milanov. Tickets are sold to the public; the cost to the students is included in the Student Activity Fee. The Series is managed by a Faculty Committee with the co-operation of the Y. M. C. A. and the Y. W. C. A.

Appearing in 1940-1941 will be Hilde Reggiani, Coloratura Soprano, Alexander Kipnis, returning by popular request, and Maurice Eisenberg and Joseph Battista in joint recital. This year will mark the tenth anniversary of the Series, which has featured such famous artists as Jose Iturbi, Helen Jepson, Josef Hofmann, John Charles Thomas, and many others.

Barnwarming

Each year at Thanksgiving the Y. W. C. A. puts on a barnwarming in the Alumni gymnasium. It's a gala affair and so much fun you won't think of missing it.

NU GAMMA CHAIRMAN'S WELCOME

DEAR NEW GIRLS

Surely by this time you have learned much about Maryville College. You have probably read the catalogue from cover to cover and are finding yourselves in a maze of dollars, major subjects, grade points, and honorary degrees tagging faculty names.

Perhaps you have had correspondence with your Nu Gamma leaders. Surely you feel that you already have friends on the "Hill." It will be fun for you to learn about campus customs of dress and social activities. You will be interested to learn that the members of your Nu Gamma group will possibly be from varied sections of the United States. You will have opportunities to make contacts that will broaden your outlook.

We are looking forward eagerly to meeting you personally. We want to show you our campus and introduce you to our friends. We are hoping Maryville College will find a place in your hearts as it has in ours.

Sincerely,

ANNE GAMMON

General Student Activity

Everyone can find some organized college activity to capture his interest and to utilize his ability. Some organizations are open to all; others are selective or honorary. Extra-curricular activities will form an important part of your college life; so we advise you to choose them carefully.

Student Council

The Student Council is composed of nine seniors, six juniors, four sophomores, and two freshmen. This body is not student government, but it represents student opinion, and it works with the faculty in promoting desirable movements. The members are elected by their classes early in the fall. Two committees are chosen from the council, the Student-Faculty Committee and the Publications Committee.

NATIONAL HONORARY FRATERNITIES

Pi Kappa Delta

Maryville has the distinction of having the Tennessee Alpha Chapter of the national honorary fraternity, Pi Kappa Delta. Last year our chapter had the honor of acting as host for the national convention of the fraternity, held at Knoxville from March 25th-30th. Members of the squad have consistently ranked high in national and local tournaments. Professor Verton M. Queener, varsity coach, has served during the last two years as a National Councilman of the fraternity. Freshman and varsity debate groups meet as a class, and members are given college credit.

Theta Alpha Phi

Talented dramatic students may, upon meeting certain requirements for membership, be initiated into the Tennessee Delta Chapter of the national honorary dramatic fraternity Theta Alpha Phi, located at Maryville.

Sigma Delta Psi

The Maryville chapter of Sigma Delta Psi was established in 1930. Membership is open to all men of the college "who maintain satisfactory scholarship and command the respect of their associates as athletes and gentlemen." Membership is earned by meeting the requirements of the various athletic tests in the presence of a responsible committee.

Local Honorary Society

Alpha Gamma Sigma was organized in the spring of 1934, for the purpose of motivating high scholarship among students. Its requirements are equal to those of Phi Beta Kappa. Ten per cent of the graduating class may be admitted provided the members have a grade point ratio of 6.5, or somewhat more than a "B" average.

Social Societies

In years past there were two sets of literary societies on the hill. Recently all the organizations have swerved from their original purpose, and have become purely social societies. The girl's societies, Bainonian and Theta Epsilon, are the sister societies of the men's organizations known as Athenian and Alpha Sigma. Each society carries on a varied program throughout the year, and adds a great deal to the social activities of the college.

OTHER CLUBS

Writers' Workshop

Students who show interest and ability in literary work may be elected to the Writers' Workshop. The members are elected from the faculty and the junior and senior classes. Each member writes and reads aloud for criticism one paper a semester.

"M" Club

The "M" Club membership is restricted to those girls who have earned the college letter by participation in athletic activity and the keeping of health rules.

Pi Upsilon and B. G.

These are clubs for hiking and other activities for men and women respectively. The men's organization is limited to twelve members and the women's to eight members.

Nature Club

The Nature Club is a very interesting one to belong to, for its meetings consist of movies, demonstrations, and similar programs. No technical knowledge is required for members.

Camera Club

If you click a shutter or spend all your allowance on the hobby of photography, here is a fine club to join. Any Maryville student or faculty member genuinely interested in photography is invited to become a member.

Disc Club

For the benefit of music lovers who meet to hear recordings of symphonic and operatic music. At each meeting a qualified commentator introduces the compositions played.

Language Clubs

For students interested in modern languages and in the manners and customs of foreign countries, there is opportunity to gain confidence in the use of the foreign tongue, and to have a lot of fun in the French and German clubs. The programs are varied from seeing pictures and hearing lectures to giving plays in the foreign language.

Law Club

Students who are studying with a view to entering the profession of law maintain this organization. Their purpose is to familiarize themselves with the features of their contemplated life-work, and to develop high moral standards and ideals in connection with their profession.

Confab Club

This club was organized for the purpose of promoting improvement in speech among its members, having as its program the presentation of speeches and the carrying on of criticized conversation. All students taking courses in dramatic art are eligible to membership.

Pre-Medical Club

This club was organized to promote interest in medicine and in the medical profession. Anyone having interests along these lines is invited to join.

Pi Gamma Sigma

The Y. W. C. A. was instrumental in forming this organization to promote fellowship between the town girls attending college and the dormitory students. Its meetings are held on week day afternoons, and are featured by speakers and discussion groups.

PUBLICATIONS

The weekly "Highland Echo" is the college newspaper. Twelve freshman apprentices are usually chosen each year by examination of samples of their writings in competitive try-outs. The "Chilhowean," the annual year-book, is another student publication, edited by members of the junior class assisted by representatives of the sophomore class.

RELIGIOUS ORGANIZATIONS

Besides the "Y's" there are the Ministerial Association and the Student Volunteers. The ministerial group holds weekly meetings, but its most important activity is that embodied in four standing committees which conduct regular preaching and pastoral work in the county prison, local missions, and the country churches in the vicinity of Maryville.

The Student Volunteer group is composed not only of those who have pledged themselves to the foreign field, but of those who are interested in this form of Christian work. Regular meetings of the group are held Sunday evenings after vespers. Some phase of missionary work is considered, and frequently missionaries on furlough provide valuable and inspiring first hand material.

The Maryville Larger Parish composed of forty Ministerial and Student Volunteer members has charge of Sunday School work in a number of Sunday Schools in three counties around Maryville. This project is under the Presbyterian Mission Board.

Since 1877 February Meetings have been a part of the religious program. A prominent religious speaker conducts daily serv-

ices, the object of which is to deepen the spiritual life on the campus.

The annual Fred Hope drive is for the collection of funds for use in the work of an African mission school of which Mr. Hope, a former Maryville student, is superintendent.

MUSICAL ORGANIZATIONS

The five musical organizations at the college provide an excellent opportunity to develope musical talent. Three of the organizations are choral; two are instrumental.

The most outstanding of these is the college choir of forty-four voices. Credit is given for choir membership and rehearsals are scheduled as a class. The choir leads daily chapel services and takes part in all the religious activities. The other choral groups are the Woman's Glee Club and the Glee Singers, the men's organization. Together they give an opera and aid in other productions throughout the school year.

The orchestra is called the Maryville College Symphony; it is composed of thirty-five members, and its repertoire consists of overtures, symphonies, concertos, and program numbers. The Band is the other instrumental group. It has approximately fifty members who wear orange and garnet uniforms. Each year a girl from the upper classes is chosen as sponsor and a boy drum major is also chosen. We hope that you will enjoy these groups next year, or better still have a part in them yourself.

MARYVILLE ATHLETIC POLICY

Maryville stands for the well-rounded, well developed college life. For many years the College has realized that one must not only be developed mentally and morally but also physically. As a result of this realization Maryville College holds a high rating among the schools of the southeastern states in regards to athletics. Her teams rank high in comparison with colleges of similar size throughout the country. Besides having inter-collegiate athletics the Y. M. C. A. conducts a well-developed, highly organized system of intra-mural athletics for men, and under the leadership of Mrs. Verton M. Queener, coach of women's athletics the women have, what is known as, the point system. Both of these programs will be more fully described later.

Maryville is the largest institution in the Smoky Mountain Conference which is composed of ten colleges and universities in East Tennessee and West North Carolina. Although it is not one of the best known or largest conferences in the country, few conferences have such a high reputation for honest and clean sports activity that the Smoky Mountain Conference has. Hardly a year passes by that does not find Maryville at the top of the conference heap in one sport or another.

Maryville does not buy her athletes. Those who come to Maryville come with the understanding that places on her athletic teams are open to physical fitness and average scholastic ability; nothing else. In addition it is true that athletic ability alone does not "make" a student at Maryville. Well rounded effort in other extra-curricular activity and in the classroom is just as important.

If you have any athletic ability at all come out for varsity sports, for you will help yourself and the college.

VARSITY SPORTS

Football

On some Friday night very soon after the opening of the academic year, the flood lights of Wilson Field will be turned on, the "boys" will be out there on the field passing and kicking the ball around, the campus will be crowded with excited students and town people, the band will strike up one of the old pep tunes, inaugurating the beginning of another football season at Maryville college. But this season will somehow be different because you will be there. From the opening kick-off of the first game until the final whistle of the last game of the season on Thanksgiving Day, there will be plenty of action and excitement on Wilson Field.

The football coaches begin practice about two weeks before college starts and with the coming of new men the squad gradually rounds into shape for the opening game with Hiwassee College at Maryville. About forty men enter into competition each year for varsity positions. The eleven positions are all open. If you have the ambition and the ability, one of them may be yours before the season is over. Report as soon after you come to school as possible. Put everything you have into making the varsity, but don't get discouraged if you fail to make it. The coaches will still have a personal interest in you even though you remain a "scrub" for they will want to develop you for the other three years of your stay here.

Make up your mind to get out there and show the coaches and the rest of the squad what you have. Play squarely and honestly with them and you will find that they will do the same with you.

Basketball

Basketball is one of the activities which really holds the interest of sport enthusiasts throughout the winter months. Last season Maryville was runner-up for the conference championship, and held one victory over the first place school, Lincoln Memorial. After losing the first conference game, the Scots came back fighting to win every other game played on the Maryville hardwood during the season.

This sport comes under the direction of Coach Lombe S. Honaker, who "really knows his basketball." During the closing days of the football season, the captain of the team conducts the workouts. After Coach Honaker comes out, the squad is gradually cut down to about twenty men and then the real preparation for the production of a smooth, well-balanced quintet is begun in earnest. A long schedule with various independent and college teams is then begun which continues on into March before the season is finally ended.

Six of the seven letterman will return for the 1941 season, three of them being seniors. However there is always room for a good man; and if you have any talent for the game, be sure to come out when the first call is issued.

Baseball

With another strong Maryville team Coach Honaker was able to place second in the conference and rank high in southern collegiate baseball. However this was the fourth time in twenty years that the Highlanders have not won the conference championship. This is a record that Maryville students are proud of, but there is still an indication that the team can be improved over last year.

Baseball is a sport that Maryville is known for not only in the South, but in such Northern states as Ohio, Illinois, and Indiana.

Coach Honaker is considered one of the best baseball coaches in this section of the country. Some of the exceptionally good players who have come under his training have gone up to the big leagues to make good. Scouts are always on the watch to see what "Honaker has at Maryville." If you have any leaning toward baseball, Coach Honaker wants you for he must have good material for his championship teams of the future.

Track and Field

Maryville has always had strong track and field teams. They have won the Smoky Mountain Conference championship five out of six times. In 1939 the Scots climaxed their most successful season by winning the Tennessee State championship and beating many large schools in this territory. Last year the team, after losing the services of Coach Thrower*, one of the main reasons for the past successful years, won second place in the state. At the Conference meet Maryville doubled the score on the nearest competitor.

Track practice begins about the middle of March and it continues until about the first or second week in May. Among the six or more meets, is the state track and field meet and the Smoky Mountain Conference meet.

You may show your ability in any one or more of the track and field events. Take a look at those college records, which are listed on a later page, and then drive at some of them! Perhaps you feel that you can already beat some of them.

---

*(Died May 20th, 1940).

MINOR VARSITY SPORTS

Wrestling

Maryville regained her position as undisputed title holder of Tennessee intercollegiate wrestling last year in a series of thrilling matches. The Scots won every match except one, beating the U. of Tennessee twice, King College and Knoxville "Y" twice, and dividing two matches with Vanderbilt University. Coach Thrower was well known for his ability to take untrained, inexperienced men, and mold them into first class wrestlers. No matter what your weight may be there is a place for you on another Maryville state championship team.

Swimming

Under the leadership of Coach George Fischbach, the swimming team undertook the most ambitious schedule in Maryville history. Outstanding were the meets held with Kentucky, Tennessee, Auburn, Clemson, and Berea. Several new records were established, and although the squad did not win every meet, the season was considered very successful. The Scots are looking forward to an even better year in 1940-1941.

Tennis

Here is another sport which has developed rapidly at Maryville. Throughout the year several matches are held each week, and trips are taken through Tennessee and surrounding states. Although Coach Fischbach was faced with the problem of replacing all but two men, the Highlanders finished the season without the loss of a match, winning the conference championship and placing third in the state. The Maryville doubles team is ranked first in the state, beating the

representatives of Sewanee in the state tournament. Even though most of the lettermen are returning next year there are still places on the team for good players. The college has nine courts and these are usually filled in the early spring and fall months; so if you want to do anything with tennis, report early for practice.

Cross-Country

Because this sport comes in the fall during football season, it is not under the official guidance of any one of the coaches but one of the runners is usually captain and coach. Interest in cross-country is gradually increasing because of the inter-collegiate competition and the college cross-country championship. Previous seasons have been featured by victories over University of Tennessee and Lincoln Memorial University.

Interclass Sports

Several improvements have been made in the intra-mural sports program. This activity is sponsored by the Y. M. C. A. and includes everything from ping-pong to football. Some of the other sports carried on are tennis, basketball, swimming, track, softball, golf, archery, volleyball, and wrestling. Several of these are conducted not as interclass sports but as tournaments. At the end of the year the Y. M. C. A. presents medals to the ten outstanding class athletes.

This type of athletic competition is rapidly assuming a more important place in the athletic program of the college. Here lies the chance for you who feel that you do not have the time or the ability to go out for the varsity. There is no fear of varsity competition for all members of the squads are ruled out of the sports.

Support your class by entering into interclass competition! And it won't be your class that will derive the most benefit from this participation for it will help to develop you physically, if you go at it in the right way, and you will have a better fellowship with the other members of your class.

WOMEN'S ATHLETICS

Point System of Athletic Awards

Since the intercollegiate contests have been dispensed with, the point system has been adopted. Women are given an opportunity to participate in every sport, and a chance to win the monogram, the small letter, or the large letter and sweater. By qualifying for basketball, soccer, indoor baseball, and volley ball teams a girl may win 30 points for each team. Additional points are awarded for sportsmanship, membership on a squad, captain or manager of a team, and perfect attendance. In swimming, track, tennis, hiking, and aerial dart tournaments, 50 points each may be won. High scholarship adds a certain per cent to the total of points won. The observance of health rules may total 25 points for each semester. In these activities sportsmanship is stressed as well as skill.

Honors are awarded as follows: 300 points, Maryville Monogram (MC); 400 points, Maryville "M"; 500 points, Maryville "M" with sweater.

COLLEGE SONGS

The Alma Mater

I.

Where Chilhowee's lofty mountains
  Pierce the southern blue,
Proudly stands our Alma Mater,
  Noble, grand, and true.

II.

As thy hilltop crowned with cedars,
  Ever green appears;
So thy memory fresh shall linger
  Through life's smiles and tears.

III.

Lift the chorus, wake the echoes,
  Make the welkin ring!
Hail the queen of all the highland!
  Loud her praises sing.

Chorus after each stanza:

Orange, garnet, float forever,
  Ensign of our hill!
Hail to thee, our Alma Mater!
  Hail to Maryville.

Note.—An erect standing position and an uncovered head are prerequisite to a respectful attitude toward the Alma Mater at a time when it is being played or sung.

Maryville College

MARYVILLE, TENNESSEE

One Hundred and Twenty-Second Year
Begins September 10, 1940

●

Maryville College is one of the important church-related institutions of America, and seeks to be true to the noblest traditions of the association of education and religion. Its Directors are elected by the Synod of Tennessee of the Presbyterian Church in the U. S. A.

It is a Christian liberal-arts college with the purpose of providing a general cultural education. It is not a professional or pre-professional school, although its courses form sound foundational preparation for professional study.

Its fees are deliberately kept at a low level for the benefit of those who might not be able to attend otherwise. This makes earnest co-operation on the part of all an essential factor.

It desires to select its students on the basis of preparation, earnestness, capacity, character, and co-operativeness.
